Medical Officer

A dedicated, energetic, and responsible PMC Registered Medical Practitioner with background in the diagnosis, treatment, and patient's management. Ensures adherence to latest healthcare guidelines and standard practice. Committed to provide excellent care and service to patients, listening to each individual's concerns, and to put patients first and at ease. Being organized, working hard and continuously learning, I am committed to become better doctor, with every passing day. Open to work for the post of Medical Officer.
