OBJECTIVE

I want to pursue my career in dynamic organization, where I can take a challenging role and make significant contributions in the multiple disciplines of petroleum engineering including well operations and production, completions, formation evaluation and reservoir engineering. I am self-motivated and career oriented person who is willing to work according to best of my professional knowledge and competence in order to fulfill the vision and mission of organization.

EDUCATION

- **B.Sc (Petroleum & Gas Engineering)**
NFC Institute of Engineering and Technology, Multan
CGPA : 3.43/4.00
Passing of Year : 2020
- **Intermediate (Pre-Engineering)**
Superior College for Boys Multan
Percentage : 72%
Passing of Year : 2016
- **Matriculation (Science)**
BISE, Multan
Percentage : 75%
Passing of Year : 2014

RESEARCH PROJECT

- ➤ Final year project on "Optimization of Gas lift Technique in oil well" I have developed a gas lift system model with the help of IPM PROSPER and through this software we can installed continuous gas lift design on Well -X and sensitive analysis also. Before installation of gas lift,oil production was 4595.2 STB/day and after the installation of gas lift, our oil production is increased from 4595.2 STB/day to 4611.2 STB/day.
