EXPERIENCE

BMC HOSPITAL, Quetta— *House officer*

2023

DHQ, Surab— *Medical officer*

2024

During this period I built good rapport with a diverse range of patient population in Surab. More importantly born and raised in this district I have strong ties with the community in Gidder and Surab which is a vast area with a dispersed population.

Moravian university of Bethlehem, Pennsylvania— *USA*

2020

U.S department of state's Global UGRAD international Exchange program (semester in **Public health** and physiology).

Throughout this period I learnt about the importance of attention to detail in public health management and learned first hand about public health policies and research, along with anatomy & physiology and interacted with my peers for a semester in America.
