SUMMARY:

Community-oriented Officer comfortable working in high-stress situations and coordinating emergency responses. Seasoned team leader with unrelenting dedication to keeping community safe and secure. Proactive about using proper protocols while on duty and interacting with community contacts.

WORK HISTORY:

❖ **Union Council Polio Officer, Chip Training And Consultant Karachi, Sindh, Pakistan |NOV 2019 – Current|**

Union Council Polio Officer with four years of Polio experience in Karachi Pakistan likely plays a crucial role in the implementation of polio eradication initiatives at the grassroots level. The responsibilities of such an officer may include:

Polio Campaign Planning and Execution: Collaborating with relevant health authorities and organizations to plan and execute polio vaccination campaigns within the Union Council. This involves coordinating vaccination teams, ensuring sufficient vaccine supply, and mobilizing community resources.

Community Engagement: Actively engaging with local communities to raise awareness about the importance of polio vaccination. This may involve organizing informational sessions, addressing concerns, and promoting community participation in vaccination programs.

Data Analyst: Ensuring accurate and up-to-date data collection related to polio vaccinations, AFP cases, and other relevant information. This data is vital for informed decision-making and assessing the impact of vaccination campaigns.

Training and Capacity Building: Providing training to vaccination teams and community volunteers to enhance their understanding of polio eradication strategies, proper vaccination techniques, and the importance of their roles in the campaign.

Monitoring and Evaluation: I participated in monitoring and evaluation activities to assess the effectiveness of communication strategies implemented during vaccination campaigns. This involved conducting surveys, gathering feedback from community members, and identifying areas for improvement.

❖ **UC Communication Support Officer, SHMA Karachi, Sindh, Pakistan |April 2018 – Oct 2019|**

As a Communication Support Officer with 2 years of experience, I play a crucial role in disseminating information, raising awareness, and mobilizing communities to support polio vaccination campaigns. Here are some potential job descriptions for roles within this office:

Communication Officer: Develop communication strategies to effectively convey key messages about polio vaccination campaigns to the community.

Organize community events, town hall meetings, and awareness sessions to educate residents about the importance of polio vaccination.

Community Mobilization Coordinator: Develop and implement strategies to engage community members in polio vaccination activities. Recruit and train community volunteers to assist in vaccination campaigns and outreach efforts. Coordinate door-to-door visits and outreach activities to ensure that all households are aware of upcoming vaccination dates and have access to information about polio prevention.
