- English- Good
- Urdu- Native
- Pashto- Native

ABOUT ME

I am an economics graduate with expertise in data analytics tools such as R Studio, Tableau, Power BI, and MySQL. I have completed projects in exploratory analysis, sales trend identification, and interactive visualization. My goal is to leverage these skills in a Data Analyst or Business Intelligence role to drive informed decision–making.

WORK EXPERIENCE / PROJECTS

Account Executive   August 2017 – July 2019
Al–Madina Dignostic Center

- Managed all aspects of sales operations
- Cultivated strong customer relationships
- Utilized excellent communication and problem–solving skills

PROJECTS

Project 1   December 2023
MySQL Data Analysis

- Performed exploratory analysis on a dataset using MySQL
- Identified sales trends, product performance, and customer segments through temporal, categorical, and customer analysis
- Sharpened SQL skills including joins, subqueries, and reporting through hands–on practice

Project Link

Project 2   Jan 2024
