SUMMARY

As a seasoned public health professional with four years of experience in the EPI Polio Program, I possess the ideal blend of technical expertise, leadership skills, and passion for community service, making me an exceptional fit for the Union Council Polio Officer role.

My extensive experience as an Area Incharge has equipped me with a deep understanding of microplanning, team management, field validation, data compliance, and cluster management. I have a proven track record of successfully implementing polio eradication initiatives, fostering strong community relationships, and collaborating with stakeholders to achieve program objectives.

I am confident that my expertise, combined with my commitment to improving public health outcomes, makes me an ideal candidate for this critical role. I am excited about the prospect of contributing my skills and experience to the Union Council Polio Officer position and working tirelessly to eradicate polio from our communities.
