Dear Dr Fatima,

Hope you are doing good. 1 position of staff nurse at Dokri is lying vacant for few days while contract period of two other nurses at NSCs of Tando Muhammad Khan and Qambar Shahdad Kot are completing today after resignations. We conducted interviews of available candidates. CVs were shared by Medical Superintendents of respective hospitals. After interviews, three suitable candidates are selected and same have been communicated to hospital administration for their concurrence.

Kindly forward to CTC for issuance of contracts from 1 May 2025 onwards.

Best regards
