Subject: [EXT] Replacement of Support Staff

Dear Sulaiman Durrani,

Based on the multiple reports received from the various monitoring wings, and the routine attendance and performance reports received from the hospital administration, it is evident that the following list of personnel have been actively found missing from their duty place, in violation of their JDs, and constantly poor performers, far below the usual standard set by IHP and WHO for NSCs. It is, therefore, requested to immediately terminate the contracts of these personnel, and deploy the attached list of candidates by dispatching their contracts on priority basis so the business of NSCs may not be affected.

Muhammad Jehanzeb at Women & Children Hospital Bannu is replaced with Waqas Jan bearing CNIC # 17101-2195461-7

Imad Hussain at DHQ Hospital Bajour is replaced with Muhammad Abbas bearing CNIC # 17301-4235347-3

Zohra Bibi at DHQ Hospital Bajour is replaced with Safia Bibi bearing CNIC # 12101-5231350-4

Regards,
Focal Person NSC
