A dynamic and interdisciplinary program that provided a solid foundation in both Economics and Political Science. Developed a comprehensive understanding of economic theories, political systems, and their intersection in shaping global affairs.

## Experience

---

**NADEEM TRADERS AND MEDICINE DISTRIBUTOR.  
PROCUREMENT AND INVENTORY CONTROL OFFICER.  
2021 - Currently Working**

Skill in strategic procurement, I have successfully negotiated and managed contracts with suppliers, ensuring cost-effectiveness without compromising on product quality. My expertise extends to inventory management, where I have implemented robust systems to monitor stock levels, reduce excess inventory, and prevent stock outs. Through meticulous planning and analysis, I have contributed to significant cost savings and operational efficiency. My ability to collaborate cross-functionally, coupled with a keen attention to detail, has allowed me to synchronize procurement activities seamlessly with inventory control, ensuring the continuous availability of critical pharmaceuticals. Seeking to leverage my skills to enhance supply chain effectiveness and contribute to the success of a dynamic pharmaceutical organization.

**HEART AND GENERAL HOSPITAL QUETTA.  
HOSPITAL PHARMACIST.  
2020 – 2020 (3 months)**

My responsibilities include ensuring the safe and accurate dispensing of medications, conducting medication therapy management, and collaborating with healthcare professionals to optimize patient outcomes. Proficient in medication reconciliation, I meticulously review patient histories to prevent adverse drug interactions and promote patient safety. I actively contribute to formulary management, assess medication orders, and provide drug information to healthcare teams. My expertise extends to implementing and adhering to regulatory standards, such as maintaining compliance with the Joint Commission and other accrediting bodies. With a strong commitment to patient-centric care, I am adept at counseling patients on proper medication usage, potential side effects, and adherence to prescribed regimens. Seeking to leverage my pharmaceutical expertise and commitment to excellence in a dynamic hospital environment. Work with clinical staffs to provide quality patient treatments. Educate patients on preventive dental care and oral health care.

**WHO, HEALTH SERVICES ACADEMY, ISLAMABAD  
SURVEYOR IN POLIO ERADICATION PROGRAM  
2023 - 2023**

Duty Station: Rawalpindi and Islamabad

Seasonal Supportive Supervision and Monitoring services in every Polio Campaign, Duty station Islamabad, Rawalpindi, Punjab including rural and areas, remote areas.  
The outcome monitoring following SIA campaign include post campaign monitoring (PCM) to be conducted in 100 of clusters in HRMP and 50 clusters in non-HRMP.  
Lots Quality Assurance Survey (LQAS) and out-of-house finger mark survey conducted to assess the coverage and quality of the vaccination activity, to identify missed or poorly covered areas, identify reasons for missed children, and take immediate corrective actions.  
Remote monitoring by NEOC call center will continue in all high-risk, hard to reach areas and possible blind spots. Data from remote monitoring will be analyzed over the rounds to see any rising trends.  
To improve the reliability of PCM and LQAS the program will continue to validate the PCM and LQAS for data quality assurance and to identify poor performing clusters for corrective interventions.  
Taking data through hard copies and soft copies in the form of clusters and submitting it on NEOC online portal.  
Reporting to NEOC about overall compiled data of household clusters and spot surveys.

**BALOCHISTAN NUTRITION DIRECTORATE, HEALTH DEPARTMENT BALOCHISTAN.  
ADMINISTRATION, LOGISTICS AND HR.  
2023 (3 months)**

During my internship, I demonstrated unwavering commitment to public health and nutrition, actively engaging in diverse projects and initiatives. My dedication, professionalism, and keen interest in advancing the field of nutrition were evident throughout the experience. I played a pivotal role in multiple departments, including administration, logistics, and human resources, displaying versatility and a holistic approach to contributing effectively to the organization's objectives. My internship was characterized by a strong work ethic, proactive involvement, and a genuine passion for promoting health and nutrition. These qualities underscore my readiness to make meaningful contributions to any role in the field.
