SUMMARY (CONTINUED)

Languages, which videos watching peoples from all over the Pakistan and increasing EPI knowledge though my videos, at present majorities of EPI Staff of Pakistan using my YouTube channel as guide line.

With 38 years of experience in the field of immunization, I have specialized in programs such as Expanded Programme on Immunization (EPI), Polio Eradication Initiative (PEI), and VPD Surveillance.

My collaborations with reputable organizations such as WHO, UNICEF and GAVI attest to my commitment to global health initiatives. I have attended numerous national and international workshops, emphasizing my dedication to continuous learning and professional growth.

My leadership experience as a District Superintendent of Vaccination and Provincial EPI Master Trainer underscores my ability to guide teams and deliver impactful training. Moreover, my proficiency in MS Excel, data analysis, report writing, and partnership building ensures my readiness to support United Nations Pakistan's and EPI Programme objectives effectively.

My accomplishments align seamlessly with the United Nations' mission and goals, particularly in promoting health and sustainable development. I am excited by the opportunity to contribute to larger global health initiatives and make a meaningful impact.

EPI-TOOLS FREE WEBSITE

I have created a website, for EPI-Tools free, with the help of which some data is entered and automatic results are given. This website will be helpful for staff working in EPI Programme Supervisors & Vaccinator.
