Employer : (Polio third party personal) PTPP-(CTC) WHO Bannu, Pakistan.

Position : Tehsil Polio Officer-Bannu (TPO Bannu)

Duration : Since 05 April 2021

Responsibilities : Responsibilities were as under:

A. Current Job

Terms of References Tehsil/Tahluka/Town Polio Officer (TPO)

Under the direct supervision of the Polio Eradication Officer, and the overall technical guidance of the Area Coordinator and Provincial Team Leader, the TPO will undertake the following duties in the assigned Tehsil(s) or Tahluka(s) or Town(s).

1. Coordination and Leadership

- Provide Technical Support to the Tehsil/Tahluka/Town Polio Eradication Committee on poliomyelitis eradication
- Work closely with government and partners to ensure coordination of different stakeholders in the assigned area
- Ensure the functioning of the TPEC in the assigned areas
- Support the full implementation of the National Emergency Action Plan (NEAP) and other key policy documents on polio eradication and immunization at the assigned level.
- Data evaluation at Tehsil level and support in District level in soft form and in Presentation.

2. Supplemental Polio Vaccination Campaigns (SIA)

- Support the TPEC in ensuring the timelines for SIA activities are formulated and followed in the assigned area
- Ensure appropriate selection of appropriate vaccinators and supervisors as per the NEAP guidelines with emphasis on inclusion of females, locals, adult and government accountability of teams and AICs meeting the language and cultural norms of the area.
- Facilitate and monitor the trainings of teams, AICs, and other categories of health workers involved in campaign implementation
- Provide technical support to pre-campaign activities particularly planning, preparing and monitoring the quality of area level Micro-planning, at the union council and tehsil levels.
- Monitor the timeliness and adequacy of all campaign logistics, and ensure all necessary steps are taken to ensure no delays or stock outs of logistics at the assigned areas.
- Monitor the effective utilization of mobile, fixed and transit teams in the assigned areas, and immediately report misuse to the immediate supervisor
- Formulate an appropriate plan for coverage of missed children
- Work closely with the communities in the assigned areas to rebuild trust

in vaccines, combat misinformation and generate demand for polio vaccination

- Mobilize religious, tribal and political leaders, and other influential persons in the assigned area to support polio eradication
- Support the TPEC in access negotiations in the assigned areas
- Formulate a daily priority-based supervision and monitoring plans of the AICs and UC teams to ensure support to poor performing areas and motivation of teams.
- Supervise and monitor the work of the teams, AICs and TTMs, take household clusters and at the same time validate a sample of the clusters and missed children coverage done by the UC team
- Ensure all reported missed and poorly covered areas are investigated, and re- vaccination/sweeps carried out.
- Analyze the daily data and collate the observations of the UC teams and present the findings, actions and recommendations at the daily evening meetings
- Provide special focus on the high-risk populations during all the phases of the campaign in line with the special strategies devised for risk populations and the National Emergency Action Plan for Polio Eradication, including supervision of PTPs/TTPs
- Carry out a post campaign analysis of data, review reports, collate, summarize, and disseminate the report to be shared with the authorities in the assigned areas.
- Follow up with respective tehsils/UCMOs in timely filling of DDM cards and submission
- Support vaccine management at the Tehsil level

AFP Surveillance

- Under the guidance of the Surveillance Officer or the PEO, support the establishment of community-based AFP Surveillance system in the assigned area
- Support the Surveillance Officer and PEO in ensuring timely stool/environmental sample collection and transportation as per the SOPs and guidance of the supervisor
- Conduct regular surveillance visits to assigned areas as per the monthly surveillance work plan
- Participate in detailed epidemiological investigations as determined by the immediate supervisor
- Train/sensitize the informal health care givers on AFP surveillance
- Ensure mapping and inclusion of all formal and informal health care providers in the assigned area in the AFP surveillance network
- Assist in ensuring inclusion of all high risk/ underserved/ migrant population in the Surveillance network and all AFPs are reported from them.
- To support timely submission of "Zero Report" from assigned UCs.

3. Routine Immunization

- Support the PEO in strengthening of routine immunization through participation in the development of micro plans for implementation of REC/RED approach
- Ensure monitoring of EPI coverage and drop-outs
- Support the TPEC in engaging and mobilizing communities RI demand creation and building the trust of communities in vaccine uptake.
- Assist the UCMOs in prioritization of UCs that are poorly performing
- Identify zero dose and under immunized children in the assigned UCs and refer them for immunization.

B. Previous Job

Employer : (Polio third party personal) PTPP-(CTC) WHO Bannu, Pakistan.

Position : UCPO

Duration : 15 Jan 2015 to till Date

Responsibilities : Responsibilities were as under:

1. Campaign Planning and Execution:

- Develop and implement plans for polio vaccination campaigns within the designated union council.
- Ensure that vaccination campaigns are well-organized, covering all target populations, and are executed according to established protocols.

2. Team Supervision:

- Supervise and manage vaccination teams, field workers, and other staff involved in polio eradication activities.
- Monitor the performance of vaccination teams to ensure effective coverage and address any issues promptly.

3. Training and Capacity Building:

- Conduct training sessions for healthcare workers, community volunteers, and field staff on polio vaccination strategies, safety protocols, and communication techniques.
- Enhance the capacity of local healthcare personnel to handle vaccination activities efficiently.

4. Community Engagement:

- Engage with local communities to raise awareness about the importance of polio vaccination.
- Address concerns, dispel myths, and promote community participation in vaccination campaigns through educational initiatives and community meetings.

5. Surveillance and Reporting:

- Monitor and report on the incidence of polio cases within the union council.
- Ensure accurate and timely reporting of vaccination coverage data to higher authorities.

6. Data Management:

- Maintain comprehensive and accurate records of vaccinated children and related data.
- Utilize data for analysis to identify areas with low vaccination coverage and implement strategies for improvement.

7. **Logistics and Supply Chain Management:**
 - Ensure the availability of vaccines, cold chain equipment, and other necessary supplies for vaccination activities.
 - Coordinate with logistics teams to facilitate the smooth flow of materials required for campaigns.
8. **Monitoring and Evaluation:**
 - Conduct regular evaluations of vaccination campaigns to assess their effectiveness.
 - Implement corrective measures based on evaluation findings to enhance the efficiency of future campaigns.
9. **Advisory Role:**
 - Provide guidance to local health officials, community leaders, and stakeholders on polio eradication strategies.
 - Collaborate with other relevant organizations to strengthen the overall healthcare infrastructure in the union council.
10. **Emergency Response:**
 - Be prepared to respond promptly to any outbreaks or emergency situations related to polio within the union council.
