CONTACT: 03004907662, 03154907662, syedrazzaqagha@gmail.com

CAREER OBJECTIVE:

This white coat was my childhood dream! I feel very grateful to Allah Almighty to give us the power to bring happiness in the life of others. I dreamt to become a doctor and now I am one! Doctors will have more lives to answer for in the next world than even we generals. The art of medicine consists of amusing the patient while nature cures the disease Have the courage to encounter any emergency in order to help our patients.

A physician is obligated to consider more than a diseased organ, more than even the whole man-- he must view the man in his world. Mental strength can treat any illness.
