Courses

Ultrasound Simulator Sonosim

Jun 2024

Ultrasound Simulator (SONOSIM WORKSHOP RMI)

It was hands-on workshop on sonogram, a computer picture of areas inside the body created by high-energy sound waves. The sound waves are bounced off

internal tissues or organs and make echoes. The echoes form a picture of the body tissues on a computer screen.

One hands on workshop was conducted by Assistant professor critical care medicine dr M. Tariq and Dr umair khalil. Chief guest was Prof Dr Ghulam Rasool.

The learning objectives of this workshop were to understand first trimester pregnancy, the normal uterus, the abnormal uterus and the FAST scan.
