TESTIMONIAL

It gives me pleasure to write this testimonial for Dr. Syed Shoaib Badshah who worked as a house officer under my supervision in Medical Intensive Care Unit (MICU) of Pakistan Institute of Medical Sciences (PIMS) for a period from 01.02.2024 to 15.03.2024.

MICU is a 9 bedded teaching unit which is a part of the Critical Care Medicine Department. It is fully equipped to provide critical care services to patients from a large area of Pakistan including the northern areas and upper Punjab. Every bed in MICU is fully equipped with mechanical ventilators and multi parameter cardiac monitors, and provides in-house plasmapheresis and cytophoresis services to patients. A wide variety of patients are managed in MICU ranging from status epilepticus, traumatic brain injury to status asthmaticus along with various other medical, surgical and gynecological emergencies.

Dr. Syed Shoaib Badshah's performance during this period in MICU has been satisfactory. He took interest in procedures including passing central venous lines and arterial lines. He improved his history taking skills and clinical examination during his stay in MICU.

I wish him the best of luck for his future endeavors. Please feel free to contact me in case of any queries.
