Respected Sir

It is informinformed you that my Community Health Worker, Shakira (Code 1295), was bitten by a dog on September 10 ,2024 ,while on field duty. We promptly contacted the Deputy District Health Officer, who provided the necessary vaccine, and we have since completed the vaccination course at our Basic Health Unit (BHU).

As a result, all medical expenses have been provided free so Shakira is not demanding for any charges

Her Application is attached bellow

Thanks
