Subject: RE: Nadeem Khan Insurance Case

Dear Nadeem,

The received documents had already been shared with insurance company but found to be incomplete during the review process. To proceed with the claim made, it is mandatory requirement that the remaining documents including a copy of the driving license & Rescue 1122 report are submitted.

Our colleague dealing with the insurance case has informed that the mentioned documents were enquired but still pending at your end and not submitted.

Please note that CTC facilitate insurance cases on behalf of its staff with the insurance company however, it's the sole responsibility of the staff member to complete the documentation in order and get facilitated.

Since you have failed to provide us the remaining documents of mandatory remaining documents, hence the case will be withdrawn for further process and follow up with the company.

If you still feel that the documents can be provided within 2 working days from receiving this email, you may reach us through email or phone to confirm else the company will proceed to withdraw the case as per policy.

Thankyou

regards
