Respected Concern,

With due respect it is stated that the CHW is not applying for insurance because of lengthy process, so it is requested that kindly close the case.

Respected Concern,

With due respect it is stated that the claimant is asking that tomorrow she is going for the 2nd dose of vaccination to DHO, so if she received the dose free of cost then she is not demanding for the amount on which she purchase the vaccine(2250), and if she didn't receive the remaining dose then she will claim.
