Subject: Request for Reimbursement Taluka Polio Officer Rohri, District Sukkur

Respected Mr. Raheel,
I wish and pray that this email finds you well.

This is to share that TPO Taluka Rohri Mr. Tahir Hussain Mirani went through a Road Traffic Accident while performing his duties in his assigned Taluka on 01-12-2023. He sustained both minor and major injuries due to the same with Right elbow and wrist fractures being major ones. Due to significant damage to his elbow and wrist, K-Wire surgery was performed at Red Crescent Hospital Sukkur on 14-12-2023. The procedures along with appointments with the doctor and medications have cost him PKR 73,000/- which is roughly 82% of his current salary.

As discussed with you telephonically by me and Mr. Tahir himself, attached herewith are receipts and other documents of the procedures he has gone through for your review and further support. Also, the documents have been couriered to the CTC Provincial Office for further working. In this regard, it is requested to please support in reimbursement of the finances incurred upon him as this will be a great assistance from your side for this dedicated Taluka Polio Officer of the Sukkur.

Thanking you in anticipation and look forward to hear from you soon on the matter.

Kind Regards
Dr. Suhail Ahmed
