Respected Sir/Madam,

We are writing to inform you that Ms. Qazbano does not possess the necessary documentation for the dog biting case as she had already been vaccinated. According to the doctor's advice, no further vaccination was required. She only received treatment at the government hospital.

We kindly request your attention to this matter, as we believe it warrants your consideration.

Thank you for your time and assistance.

Sincerely,

Dear Raheel

Kindly proceed only when you received verified document from authentic doctor/ hospital with official stamp

Also ask for detailed treatment plan as whether she received vaccination against dog bite or not

Regards

Dear Aisha,

We have received the medical documents for Qazbano, but we need verified documents as there is a discrepancy in your documents and they are unverified. Please provide verified documents of Qazbano.

Thank you.

If you need any further information regarding the same, please let us know.

Respected Sir,

I hope this email finds you well. I am writing to bring to your attention an incident that occurred during the recent polio campaign, which necessitated medical attention for two of our workers.

During campaign, while actively engaged in the polio vaccination drive, two of our dedicated workers Qazbano and siatra encountered an unfortunate incident. They were bitten by a dog while carrying out their duties in the field , As a result, immediate medical intervention was required to address the injury sustained during this unforeseen event.

Our priority remains the well-being and safety of our team members, especially when they are executing essential public health initiatives such as the polio campaign. Given the circumstances, our worker had to undergo medical treatment, including consultations, wound care, and medication, to ensure proper healing and prevention of any complications arising from the dog bite.

Attached to this email, please find the detailed medical expenses incurred

due to this incident, including receipts and invoices for your reference and review.

In light of these circumstances, we request for the medical expenses accrued as a direct result of the dog bite incident during the polio campaign. Our team member acted diligently and responsibly in fulfilling their duties, and it is our responsibility to support them through this challenging time.
