Subject is Complain regarding ucpo Surisai Balai

Sir ;

with due respect it is stated that Alveena CHC was late about 10-15 minutes on catchup day 2 on 30/1/2022 & shared her attendance with ucpo but he reported her late & she was not having any NA and referrals on that day as she covered a day before. Alveena's husband came to BHU & asked Tariq (Transit) to convey his message to ucpo mushtaq to not leave my wife & in the afternoon time (1pm) ucpo mushtaq came to BHU & machine gun & 3 men to BHU & 2 outside BHU & asked Alveena husband to come to BHU & fight with him & his wife & abused his wife & mother in law. I as ucmo was not informed about incident by ucpo & others & came to know now 'Secondly the complain was about fake vaccination of covid which on investigation I came to know that mushtaq ucpo was involve in fake entries of his family, the proof was my epi technician Noordeen & mt Fakir Alam & when

They refused from fake entries. He (UCPO) started
accounting our LHW staff.

Thirdly UCPO is not taking interest in covid
vaccination activity. He keeps his record up to
date, but lack of interest regarding vaccination
drive. As he is under inquiry, that why he
is trying these lame excuses to show his
efficiency. They are also asking me for money to
help in covid campaigns.
Kindly take action against him according
to policy. We will be highly obliged.

Your Sincerely

Dr Mehreen Bakhtiar
