Adding more she stated that since day-01 he has tried to reflect his personal contacts with TL – WHO Dr Asif Zardari and DTL- UNICEF Dr Azeem, most of the time he is used to talk about them and show their pictures and pressurize by saying that <u>"I am very powerful person, I have contacts to these people and I have been responsible to fire 5 ALSMs and 1 UCCO in past".</u>

Moreover, she is not afraid of any work-related issues, but she showed big concern on UCPO's harassing attitude to UCCO and ALSM and involving his personal contacts in professional matters.

Further after taking statement from all complainants one point remained common was his harassing attitude towards ALSM and claiming his supremacy that either UCCO will work, or he will work and he his habitual of misbehaving with the staff in field as well.

On discussion with Mr Aijaz UCPO he denied all the allegations, and stated that during his informal gathering with Dr Azeem DTL UNICEF and Dr Asif TL WHO, he was informed by them that a complaint has been received to us that why you are posting our pictures with you on WhatsApp update and discussing for us at duty station during office hours kindly avoid such things.

After discussion with investigation panel, Mr Aijaz Umrani left DEOC and outside the DEOC East, he discussed the matter with TCO Jamshed again and stated that I am very influential and rich person, I do not need this 50,000 salary job, I have a car of 1 crore and I am leaving the Job, inform your supervisor, then immediately he called Dr Asif Zardari TL WHO (He disconnected the call), then he called Dr Azeem DTL UNICEF and told him all story, after that he called two more persons named Mr Nizakat and Mr Yaseen Umrani and told the same story, and left from there by saying "I will not leave Kelash, I will ask Asif Zardari to terminate him from his services".

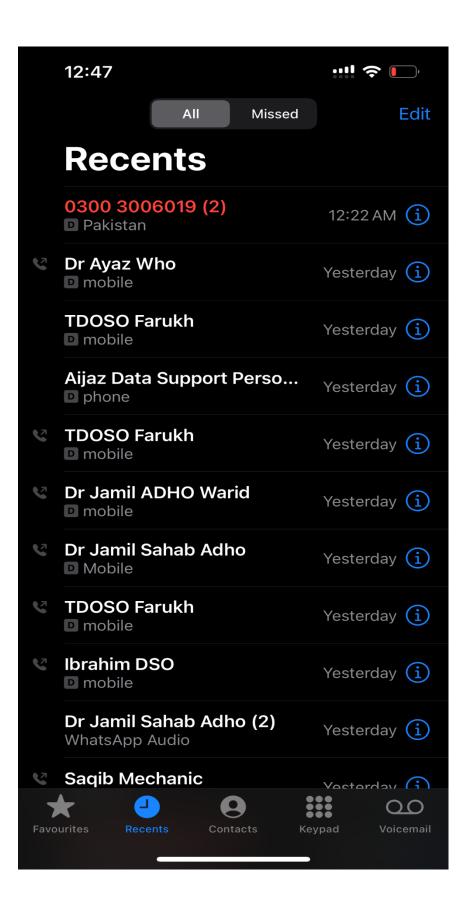

After this in late hours on same day he again started calling ALSMs and UCCO, UCCO Ms Rabia received his call in that he stated that from tomorrow he will not come and will resign.

On 22nd Sep 2022, he did not report to his duty station, and was not in contact with his supervisor Dr Muneeba, later on during afternoon, on call he informed his supervisor that <u>"I</u>

will resign and don't require this job inform your supervisor I have informed Dr Asif Zardari TL WHO".

On 24th Sep 2022, Dr Kelash Area Coordinator received calls from one unknow number 03003006019 at 12:22 midnight that went missed, after few minutes received 2 text messages, that were harassing and a threat message screen shots attached below.

Conclusion:

Overall, the investigation team conclude that he is habitual of reflecting his personal relations in professional matters and had tried to harass his colleagues and seniors with name of Dr Asif TL WHO and Dr Azeem DTL UNICEF, his behavior towards the co-workers is unethical and causing demotivation and mental stress to staff working on ground that reflects he is not a good team player.

He failed to maintain the integrity and confidentiality of the program as he himself agreed that he discussed the official matters in his personal gathering.

During course of investigation, he has utilized his personal resources to threat the investigator that reflects his unprofessional behavior towards work, and he is creating unnecessary issues for the sake of power and supremacy attitude.

Recommendation:

- Strict accountability as per SOP
- Immediate suspension
- Deduction of salary due to uninformed absenteeism
