Dear Ms. Maneel,

Thank you for the email. It was reported to me 5 months back that Area Supervisor Iqra, UC Ward 8, was involved in immoral activities which i reported to DEOC. DEOC followed the case and found no evidence in this regard. After that AS Iqra was terminated due to performance issues. It is to ascertain that I am a sensible and professional team member and immediately report each and every issue and currently I have no knowledge or information regarding any group involved in immoral and negative activities.

Regards
Israr Malik
