Subject: Re: [EXT] Issues regarding CHW Ayesha UC Nothia Jadeed

Dear Sir,

Reference to my discussion with CTC focal person for investigations, the complainant was unable to provide sufficient information required to carry out the necessary proceedings despite repeatedly approached.

Hence CTC was unable to proceed.

Dear Ayesha,

Kindly update regarding the matter raised by Dr Naveed mentioned as below;
“..... Directly coordinating with UC staff on the red line is against SOPs. Such instances are tarnishing the reputation of the program.”

Dear Waseem,

I wanted to bring to your attention a case that was reported on August 28, 2023. This is categorized as a red-line case and is still pending. The UC staff has been informed by the CTC person, Miss Zara (who worked in a previous tenure of CTC as well), that no action can be taken as it is considered a personal matter. However, I have not been informed of any actions taken in this regard. Directly coordinating with UC staff on the red line is against SOPs. Such instances are tarnishing the reputation of the program. It is essential to address these issues promptly to avoid a situation similar to what occurred in Hayatabad. It's worth noting that we terminated UCPO, UCCO, and UCDO last year due to harassment charges. Neglecting cases like these may lead to unfavorable consequences.

There are several similar cases that require your immediate attention. I look forward to a prompt response from the vendor.

Best regards,

Subject: [EXT] Issues regarding CHW Ayesha UC Nothia Jadeed

Respected Sir,

Reference to our last meeting regarding UC performance (Dated: 07 August 2023), some issues were discussed. Among these issues one important issue was discussed regarding community objection on CHW Ayesha, that she has affairs with a person named Muhammad. After this meeting in ERU, I gave a comprehensive message to all staff that we are from the community and community observe our every act.

Today in area-06, during outreach activity two females approach me. Among two females one female was a wife of Muhammad. She told me that CHW ayesha is coming to my home and asked about my husband (Muhammad). I record all the conversations of Muhammad wife which take place among me and area 06 staff (Alsm Shakeela, Chw Sumira and Chw Nousheen). A detailed audio conversation is attached with this email for your reference and understanding. These kinds of issues have also degraded the other polio staff in the community and are harmful for polio noble causes.
Need your wise guidance.

Thank you

Muhammad Yahya Rokhani
