Subject: Immediate: Issues regarding CHW Ayesha UC Nothia Jadeed

Sir

It has been brought to our knowledge by UCPO (Nothia Jadeed) that CHW Ayesha (Nothia Jadeed) has persistent character issues/problems which have been previously reported to the vendor. Community has several times shared their concerns with the UCPO. As Polio is a community-based program, these kinds of problems are detrimental to our program. This email forwarded to you for information and further action. Such activities fall in red line.
