HR Investigation officer.

It is stated that I joined UC Faqir Abad One year back, I observed CHW Sabiha (214) with Operational issues in field but didn't heard or observed any sign of Fake finger Marking. CHW Sabiha has Capacity issues & we are trying to build her Capacity. CHW Sabiha is working in this area since last two years. Moreover I am bringing in your kind notice that before Sabiha there was a CHW Dur-e-Shawar on same area before CHW Sabiha, there were observations by the UC monitoring staff and she was involve in Fake finger Marking, the house notified by Dr. Sarfaraz (WHO) also confirmed Fake finger of Ex CHW Dur-e-Shawar. Although Fake finger Marking was not confirmed, she was terminated due to operational issues.
