Subject: Re: [EXT] UC HK#2 Reporting of Fake Vaccination CHW Sawera

Dear Sir

In response to your email requesting me for input and feedback regarding the suspected fake marking/coverage and unprofessional or casual attitude of CHW Sawera in UC Hazarkhwani 2, I would state the following:

The case was discussed with UCPO Shafqat, UCOO Junaid, UCOO Sidra, CHW Sawera and AS Shaheen. Videos were seen and assessed for information. Field visit was undertaken to check

houses and validate door chalking and information was cross checked with NA sheets. Household families were also interviewed.

After detailed workup some observations as follows:

- Annexures are attached with email dated 8/01/2024.
- The videos provided support the statements of the UCOOs (attached in email from UCOO).
- Field visit for the verification of the findings was done by me along with UCPO.
- During HH visits, there was a clear contradiction in statements given by families in houses during campaign (recorded in videos) and after campaign.
- Door chalking was checked on HH visits and inaccuracies were found as coverage was not done on the same day as claimed by the CHW and as stated on the NA sheet same day coverages. (Same day NA coverage sheets attached with email on 28 and 29 Nov. 2023).
- The families of three houses who claimed to be vaccinated at another health facility (Al-Khidmat hospital), now claimed to have been vaccinated at a CD in Jabba. They could not provide any evidence of their claimed vaccination or any visit to the hospital or CD.
- CHE Razia was interrogated who admitted that she herself vaccinated a child on H.no.4 in her area of work which CHW Sawera claimed to have vaccinated at home.

These findings are forwarded for your consideration and bearing in mind the provided evidence, contract closure would be recommended.

Regards
