Subject: [EXT] Investigation Report-UCPO Kiran Shahzadi

Dear Ms. Afshan,

With reference to the below email, an individual meeting was conducted with UCPO Kiran Shehzadi on dated 21st Dec 2023 as part of the investigation process. She stated that she has informed her IO Dr Muneeba on regular basis about the fake data reporting of staff. Moreover, the staff and area that has been reported for fake data reporting does not come under her supervision. CTC has contacted Dr Muneeba for her comments on dated 21st Dec 2023 through email regarding the same but she did not respond to the email.

As UCPO has all evidences showing that she has continuously informed Dr Muneeba regarding all field issues and the fact that the fake coverage was not identified in her area, so it is suggested that her response should be considered as satisfactory and she may be reinstated to her work with immediate effect.

Report is also attached along with annexures.

Your kind comments shall be highly appreciated.

Regards,
Sundas Tariq

Subject: Re: [EXT] RE: UCPO Kiran (UC 11 Metroville - Gulshan Town) issues

Team CTC,

Here is attached Powerpoint Presentation of the investigation which was carried out in UC 11 Metroville after OBR November 2023.

The critical issues which were identified are all mentioned here in this PPT, including:

- * 36 children found from zero and lock houses including 19 operational failure children missed by team.
- * 6 out of 33 children found fake coverage in field during verification of monitors.

- * 15 children covered by monitors which were missed due to operational failures.
- * 3 unrecorded refusals identified by monitors which were not in data.
- * Operational failures only identified by UCPO/UCCO
- * No any operational failure identified from UCMOs??
- * 43 operational failures identified during this validation activity

Be noted that few accountability actions have already been taken against few workers, AICs & UC level staff.

Kindly proceed as per SOPs.

Regards,

Dr Muneeba Hashmi

IO - Khi East

Subject: [EXT] RE: UCPO Kiran (UC 11 Metroville - Gulshan Town) issues

Dear Dr. Muneeba

I hope this email finds you well. Thanks for reporting this issue to the CTC.

I am writing to request the technical proof (NID Oct 2023 & OBR Nov 23) supporting the allegations made against UCPO Kiran Shehzadi, Also mention the names of all team members.

The information you share will be instrumental in the preparation of our comprehensive report on the matter.

Your prompt cooperation in providing the relevant technical details will greatly assist in the investigation process. We value transparency and accuracy in resolving such matters, and your input is vital to achieving that.

Please share any documentation, evidence, or technical information that supports the allegations at your earliest convenience. If you have any questions or require clarification, please feel free to reach out.

Thank you for your understanding and cooperation in this matter.

Best regards,

From: KHAN, Muneeba [mailto:khanmun@who.int]

Subject: UCPO Kiran (UC 11 Metroville - Gulshan Town) issues

Team CTC,

This is to submit to your information that few critical issues were observed during Pre-campaign phase of NID Oct 2023 & during OBR Nov 23 from UC 11 Metroville, Gulshan town. UCPO Kiran Shehzadi is posted in the said UC.

DEOC east identified fake coverage and fake social profile of the Metroville-11. During Oct NID 2023, found madrasa with < 5 year target intentionally hidden by UC level staff. During further validation by DDPO and IO, 40 more madrasa were identified in UC, that were removed intentionally by UC level staff as those were refusals. These said madrasas were also not included in microplans. Positive environmental site in Oct 2023 (Rashid Minhas), this UC is one of the draining UC.

An extensive investigation was carried out after OBR Nov 23 in response to these critical observations. The issues identified after the investigation were Operational failures, Refusal recorded as NA, Refusal child covered on chalking but not on tally sheet, Fake coverage, Unrecorded refusals, Chalking and tally sheet filling issues.

These all issues indicate Weak supervision and monitoring by UC level staff assigned there (UCPO Kiran Shehzadi). This was also identified that she has deployed her relatives in the same UC also.

In continuation to these issues identified, you are advised to proceed as per SOPs.

Regards,

Dr Muneeba Hashmi
