

Dear Concerned!

→ As per my initial inquiry, the said CHW (Seema) at ISL denied any such allegations and said it was my sister who uploaded all the photos and contacts meanwhile my own phone has been lost.

→ During further inquiry, the staff revealed that all those photos and videos are sent to that person by the said CHW (Seema) and she was in relationship with him talking to him on phone on duty hours. Now there is some issue b/w them; so the concerned person is contacting and harassing

other staff to get in contact with her. He is mentioning her name in every message^{call} and voice call which means she is actively involved in this matters

she also ^{upload} my pictures during visiting her Area.

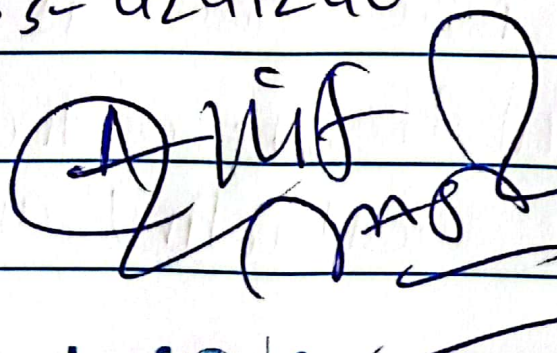

Therefore, I Request HR, to take strict Disciplinary Actions Against her as per SOPs.

Thank and Regards
