

Respected Sir,

I UCCO Sonia Mangal from UC  
 13/c want to bring in your kind notice  
 about my UC and the issues I have  
 been serving as UCCO in this programme  
 for eight years and I have worked with  
 many TDOs, IOs and continued my UC as  
 a family, supported them,  
 For last 3 months UC is disturbed and  
 the UCPO Sazan is creating issues and  
 getting personal with me, He wants me  
 to favour staff whether the matter is  
 right or fake, since he came he has  
 issues with me with staff, He approaches  
 A/s and Chws,  
 Last month ~~RI~~ RI session was conducted  
 in A/s palwasha's area barichad, where  
 she came late I asked her she didn't  
 respond me but called UCPO about  
 her issue ~~7~~ <sup>7</sup>

I was called by Uepo for not supporting Als palwasha, I informed Uepo that there was no response from palwasha when I called her,

later Uepo came to RI session and started insulting me in front of Als palwasha, CHW, palwasha, Vaccinator hassan and simsha, they all observed as he was saying to me I am doing nothing in this VL since I am here.

I requested Uepo to discuss this issue later but he said he would discuss it here and I had to listen.

After his words and harsh behavior I contacted my TO and SO for the said issue, I was instructed to generate an email, so did I.

Since then Uepo is trying to create problems for me, and he again and again repeats that I get personal to my staff, which is not true.

If my staff is showing any fake data or leave, I need to ask them about further reports, to forward it but I am blamed for doing this.

More over,

UCPO RAZAN <sup>uses</sup> ~~using~~ bad language with me by saying that (Sonia I guess you drink) and in front of staff he says that (Sonia you are always drunk) I twice ignored him.

But last week he had shared nude pictures in his status, which were unable to see, on the same time I called my CBO Iqbal and asked whether he can view those nude pictures or not but he said he can't view and those nudys were only shown to me, At the first time I ignored his nude status but when twice he did, and I was compelled to report it.

Sonia

For me and my VC,
