

I am Kainat currently working in UC Qadri Abad as a AS. Today I called to CTC office where they asked me several Questions.

Did I ever see out UCOO Hassan to talk with females' staff in an inappropriate way? He spoke friendly to everyone; he cannot think how the next person takes it. If the language is appealing bad to them or pleasant. The next question was, did he make any sketch on the board to represent any AS or CHW? Yes, when we were sitting in the BHU, some activity was going on. When by addressing the CHW he said "I want to hang (AS Sakina)".

Furthermore, they asked me about our formal UCPO Javid. I never see him to doing anything; however, I listened from other UC staff that AS Hira and Javid are in are relationship. UCOO Javid personally never did anything bad with me. I did listen from my acquaintance that he did have relations within the UC and with outside of UC females.
