

I shazia code 1208, today CTC office called me to ask me about UCOO Hassan Case. I belong to a very modest family. I have no relationship with UCOO Hassan. He never said anything to me, and he is a good human being. They asked me about whether I was going with him on a bike to the field, yes, I did go with him two times because I was not feeling well at that time. He is like my father, I have not any relation with him. CTC called me for a harassment case. Neither he saw me in a bad way nor he ever say any bad thing to me. He s like my father to me.
