

I am working as a As in UC Qadri Abad. Today I called in CTC office. From day one UCOO Hassan never get along with me. When he found out my caste is Abro, he said, 'Good, now an Abro in my hand. Just because Abro and Shawani feud is going on. He told me, whether you resign or I will mal sure to terminate you. He would insult me based on my cast.

In the last day of Campaign, he purposely sends the monitor to my area and because of which there was not any zero dose coverage in my area. In response to this, UCOO Hassan too off his shoe and handed it to AS Hira, Saying, "Hit Shazia face with this shoe".

He used to tell me to get married with his father. And if I do, neither he will change my area nor he will report me. And he told me, "I will not assign you any task too". He also told me; my father is a rich man if you married him, you will have a luxuries life.

UCOO Hassan always listen to AS Mehwish. He used to let her go home early and asked other area supervisor to sit till 07:00 O' clock. UCOO Hassan mostly told me, you pleased my heart. Let's go on my bike, I will treat you to tea at Shawani's.

I did not do any data fudging, UCOO Hassan put a false allegation me.
