

I am Saeeda working in a UC Qadri Abad as a CHW under the code 1203. UCOO Hassan has been torture me a lot. He used to taunt me on a regular basis. Because of my father's death I asked him three days leave but he did not give me any leave and above all he sent AS Zarmeena too my home to check if I am telling a lie. He used to force me to work on a Sunday but when Sir Farooq and Sir Allah Uddin see me on a field. He just denied that he did not ask me to work on a Sunday. After this incident he used to harass me on a daily basis.

Once he draws a sketch on a black board and said I will hang AS and her team like this. After that incident I was thinking to submit my resign from the CHW position. When CTC officer came to our UC, I narrated this incident to CTC Staff but UCOO Hassan has Declined all the allegation in front of CTC staff.

He only used to response his favorite CHW. He used to do all thing according to AS Mehwish. Due to all these things I came to a conclusion to resin from my post as a CHW. They force me to do this. I always sincere to my work before and now to. Now I want to continue my work as a CHW.
