

I am AS Mehwish Mahnoor working on a cod 2306. Today I called to asked about UCOO Hassan. UCOO Hassan only get angered on us just because of work. He is strict about work.

The reason before the breakfast is that because UCOO Hassan has the number of the hotel owner, therefore, we asked him to called the owner to bring the tea and break. After the breakfast Ms. Zarmeena collect the money from all the CHW and AS who had anything.

And the reason behind why I left early the BHU because I complete my work quickly then other and had submitted all my data. After that I went home because I have daughter who is infant.

UCOO Hassan used to scold us whenever our data is late. And I never sit with him on a bike. These all are the rumors about us.
