Dear Colleagues

DATA Fudging is another redline area for the program which can never be permitted.

Dear Sardar Wali,

Attached is screen shot of UCPO M Tahir email report during intra campaign SNID Sep 2024, where after issue was further investigated by Me.

Third party monitoring team visited Mr Anwar team and found 1 NT in his visited area.

Mr Anwar did data fudging not fake vaccination and showed in registration book that NT (No Team) child found by monitoring team is not NT and is actually child as NA , but the child was not recorded as NA in

door marking and He has also putted as NA recorded in OBR July , but He was not actually registered in Book before .

So Mr. Anwar did data fudging by entering fake data in Book and no involvement in fake finger marking.

Regards,

Naqeeb Ullah.

Dear Sir,

As today campaign 2nd day third party monitor Gulpanra visited our UC for monitoring.

In morning meeting I assigned their monitoring with Area supervisor Hafizullah.

Third party monitor visited Hafizullah's team Muhammad Anwar code 311.

Third party find out 1 NT child with Muhammad Anwar. Muhammad Anwar immediately entered that child in book and also entered in previous campaign's status and showed that child as NA of previous campaign.

I Muhammad Tahir cross verified that child with last campaign's missed children format.

No child found with that name which he entered.

So dear Sir this shows data fudging and which is a red line issue.

He is reported last time as well.

Kindly sir strict actions is required against chw Muhammad Anwar code 311.

Your response regarding this matter is highly appreciated.

Thanks & Regards

Dear Mr. Naqeeb,

I hope this message finds you well. As per our discussion, could you kindly provide the detailed report on the fake finger marking incident involving CHW M. Anwar in UC Daman Ashazai-1? The CTC officials have specifically requested this report to take further recommended actions.

Your prompt response on this matter would be greatly appreciated.

Best regards,

Sardar Wali Hilal
