Dear respected sir,

With reference to the subject that I have been receiving show cause on lobby and grouping in UC 13D. I am writing an explanation latter on my behalf to explain the real picture of my work. I totally disagree that I have been involved in grouping. There was no activity on 18 Oct in my UC. I don't have any friend in UC 13D, or any relatives in my UC. I am by cast durrani (barakzai) I don't have any personal relations in UC OR my work place. Just on the basis of fake allegations to create mess against my work and me they have reported me and I received my warnings.

I have always been dedicated towards work and professional behaviour and positive role. I was having record of best Area supervisor. I was known as hard worker Team and area incharge. With all these fake allegations I am totally disagree. I have evidences that I always report my weak teams on their weak performance and support and appreciate them for their good work. UC staff are themselves involved in a grouping and lobby.

My sister is not having any position in my Union council. She is outside from my uc . My sisters are not in contact with anyone. These allegations are fake.

Even i am pressurize by my ucoo and uc staff group. Even that group of supervisors was being said to write a letter against me with fake allegations by ucoo. i come to know on Saturday that i am suspended, so uc staff removed me from all groups and I left my chws group at that time.

I am very disappointed with my UCOO and UC staff group members. I am afraid of losing my job due to my UC staff group members . and on my show cause explanation they are going to write disagree to terminate me.

Kindly find the attached file of some evidences regarding my work which will help you to find the reality against fake allegations.

i am looking for positive response and i believe that Allah is going to provide me a Risq ahead.

Thank you
Best regards.
Shahzameen
