Respected HR Team

In Response of a Show cause notice which I received over an Inauguration Of polio campaign event, I want to Explain myself on the following points

1. I am working in PEI program since 2015, where I always conducted my duties as per progrid SOPs. In Reference you can ask Ex- and present Supervisors. I always try my level best to implement activities as per approved CE&SM Plan.
2. The Said Event "Inauguration of polio campaign by tiktok star" was actually organized by UCPO Mr Arsalan Khan to facilitate his friend Mr. Zeeshan (Media reporter 92 news TV channel) to record video clip of inaugurating OPV Campaign.
UCPO Arsalan already informed Mrs. Ulfat Ara (EPI Tech) for Provision of OPV in the health facility.
He also called me to support media team for the said activity as he could not facilitate the said activity because of his new transfer to UC Landi Arbab.
I came back to health facility from field to understand the scenario but I was surprised to see that tiktok star Sandal Khattak was present there along with 92 Channel media team reporter Mr. Zeeshan and they had already started the inauguration when I reached and I got no time to inform my immediate supervisors about the event.
This activity was totally arranged and organized by Mr. Arsalan Khan UCPO and his media reporter friend as I have his voice notes as an evidence which is also attached with my email.

Moreover the said activity was not part of my approved CE Plan for the concerned month (File attached).

Therefore it is kindly requested to consider my reply satisfactory as I just participated the said activity because of having good & healthy relationships with ex-UPCO of UC Kakshal Mr. Arsalan Khan and he asked me to help them in facilitating his friend(media reporter).

At the end, I promise and assure you that I will be very carefull in future.

I'll be very thankful to you for your this kindness.

Regards.
