

To,

DHO,
Mardan.

Dear Sir,

It is being stated that UC level staff of CHC Samar Bagh. HDF is working in collaboration with government staff in EPI and PEI related activities since long. HDF Mardan has always tried its best to uplift health indicators of UC Khazana dheri and adjoining areas.

In recent past, UCPO MR. TARIQ from UC Khazana dheri has tried harass community health workers of HDF Mardan, who were supporting PEI activities in the UC. But, now he has crossed the limit by passing derogatory remarks against all female staff of HDF Mardan.

By these severe acts, he has tried to malign our staff in the community which will not only affect the support we provide to government but also compromise all health indicators by decreasing acceptability of CHW's in the community. We therefore, withdraw our support from NID December, 2020 in protest to unacceptable behaviour of MR. TARIQ. We request you to kindly initiate

strict action against MR. TARIQ to
make an example and uplift the morale
of female workers of HDF Mardan.

FORWARDED.
To DHO office,
Dr. Wafa and RHC Khazma district
Wafa Health Co-ordinator,
HDF MARDAN.
