- "It's likely that your child will develop a sore throat and runny nose for a few days."
- "There may be some redness, swelling, and pain where the vaccination was given."
- "A fever of 101 degrees F (38 degrees C) or more is a common reaction to the vaccine."

v) What side effects can occasionally occur after IPV administration?

- Pneumonia
- Paralysis
- Minor side effects like soreness and fever

4/5

... False against the statement mentioned against each question? (05)

- 1- Work load distribution is called rationalization.
 - True ✓
 - False
- 2- To enhance the team performance and operational skills is called the team training?
 - True ✓
 - False
- 3- Minor symptoms of polio virus include cough
 - True ✓
 - False
- 4- Polio Refusal shown as covered are types of fake vaccinations
 - True ✓
 - False
- 5- Regular Performance Appraisals, between an employee & their supervisor, are not necessary for junior posts (e.g.: health workers)
 - True ✓
 - False

C)- Write correct abbreviations of the following (Marks-05)

LQAS lot quality assurance sampling ✓

EPI expanded program on immunization ✓

SIA supplementary immunization activity ✓

SAGE

tOPV. Trivalent oral polio vaccine ✓

Q.NO.2:) Write Short Answers of the following Questions- (Marks- 10)

i- What are the various types of fake vaccinations? 3.5

- 1 100% vaccination of team
- 2 Incess and decess in vaccine and acheivement
- 3 No NA and R on the record of telly sheet
- 4 No zero dose on the record

ii. What is supportive supervision? 03

... as that, to see the team work with SOPs and also help and support
... they needed.

what is Readiness meetings? 3.5

readness meeting to be held after completion of any activity, where we discussed all the
issues who,s we face in previous activity. Where we make a plan to solve all these issues for
the next activity...

Q.No.3)- List the number of things that a polio team should check and do in the morning
before receiving OPV vials: (05-Marks)

- 1 telly sheet
- 2 marker and its expiry date
- 3 opv vials and its expiry date , vvm and label.
4 map
- 4 microsencess
- 5 chalk
- 6 vaccine carier and ice pack
- 7 4 zip plast shoper for vaccine.
- 8 Droper.
- 9 MP operational sheat of the same team.
- 10 Signature on form 2A

Section B: Scenario Based Interpretation

Q. No.4)- Staff turnover is a major issue for the polio vaccination program. Permanent
vaccinators are leaving the program for various reasons based on the chart below kindly
explain: (10 Marks)

- Which district will be your prime concern and why? (02)
- What information you need to address the issue of staff turnover and how will you collect it (04)
- Once you have all the information available what can be main possible components of your staff
retention strategy (04)

Ans

District B will be my prime concern because they have very low coverage

We will need the following information about these staff from its concern Uc , area , tehsil or
distr.

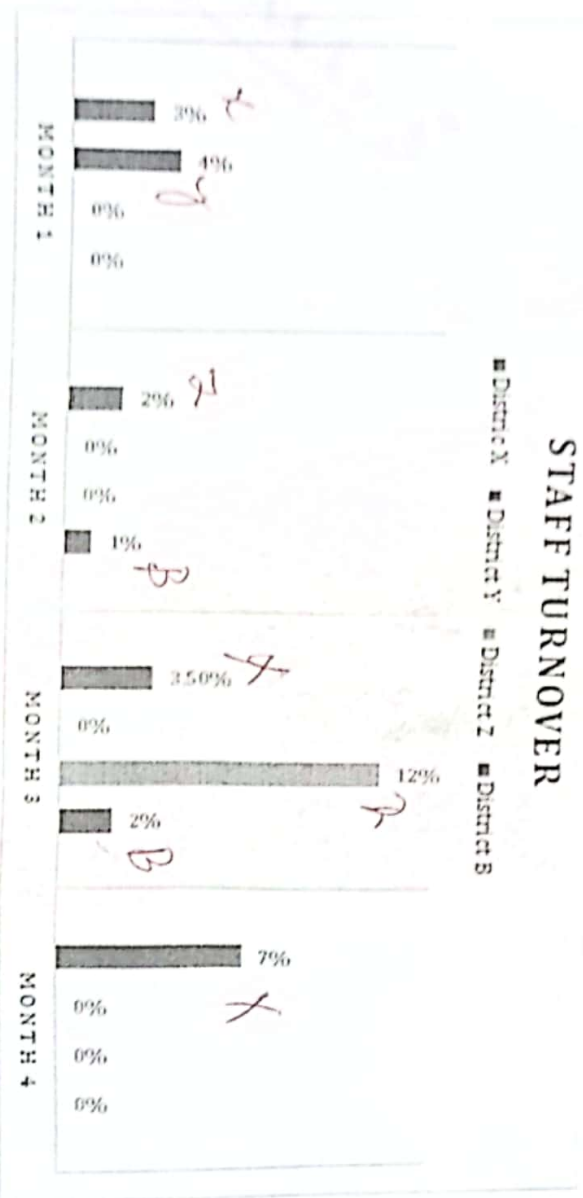

- 1 are these area are inaccessible area
- 2 are these staff are not properly trained
- 3 are the proper metials are not available for these staff for activity
- 4 are there is large numer of R families in community.
- 5 Are ther is no staff for High risk and R coverage

3+1
10

community people not support these staff in activities.

collection of these information we will do the following main possible components....

- 1 first we will arrange a meeting to discuss all these issues with concerned staff ✓
- 2 we will suggest a specific activity to a will and good person ✓
- 3 to arrange community engagement session and corner meeting with community people ✓
- 4 to arrange proper training for these staff ✓
- 5 we will do 100% support to these staff at any activity ✓
- 6 we will request to contrn district for special support wherever they need ✓
- 7 to make a plan for inaccessible and high risk population and areas. ✓
- 8 We will make a plan for each and every activity. ✓
- 9 To ensure 100% training for these staff. ✓

Section C: Computer Assessment (10 Marks)

Q.NO.5): The table highlights the reason for Missed Children in different UCs. Copy the table in excel with borders and formatting and calculate total percentage of missed children for all districts/LC. (10 Marks)

District/LC	Reason for Missed <5 Years Children						Total	Total %		
	No Team	%	Not available	%	Refusal	%			Others	%
UC-1 Kuchlak	8	11%	12	19%	2	6%	43	34%	65	70%

 - False

5/5

C)- Write correct abbreviations of the following (Marks-05)

- ✓ LQAS LOT QUALITY ASSURANCE SAMPLING
- ✓ EPI EXPANDED PROGRAM ON IMMUNIZATION
- ✓ SIA SUPPLIMANTRY IMMUNIZATION ACTIVITY
- SAGE ?
- ✓ OPV. TRI VALENT ORAL POLIO VACCINE

4/5

Q.NO.2:) Write Short Answers of the following Questions- (Marks- 10)

i- What are the various types of fake vaccinations? 3.5

ANS .

1. 100 percent vaccination.
2. Increase or decrease in target,vaccine and achievement

1+1
3=5

REFUSALS record on the back of tally sheet.

4. No record of zero dose and AFP child on the back of tally sheet

ii. What is supportive supervision? 03

ANS .ii Supportive supervision is to SEE the team work with sops and also do help and support the team where they facing difficulty.

iii. What is Readiness meetings? 3.5

Ans. Readiness meeting is a meeting that done after the completion of any activity where we discuss all the issues whose we faced in previous SESSIONS/ ACTIVITY. And then we will make a plan for possible solution to achieve the desired goals

Q.No.3)- List the number of things that a polio team should check and do in the morning before receiving OPV vials: (05-Marks)

ANS. 1 TALLY SHEET

2. QUALIT MARKER FOR VACCINATION

3. VALID OPV VIALS WITH VALID DROPPER AND DROPPER CAP according to the targert

4. STANDERD VACCINE CARRIER WITH ICE PACKS

5. CHALK BOX

6 ZIP LOCK SHOPPERS FOR VIALS

7 TEAM ROUTE MAP

8 DAILY TARGET OF HOUSE HOLD AND CHILDREN

9 Micro senses

10. Microplan operational sheet

Section B: Scenario Based Interpretation

Q. No.4)- Staff turnover is a major issue for the polio vaccination program. Permanent vaccinators are leaving the program for various reasons based on the chart below kindly explain: (10 Marks)

... district will be your prime concern and why? (02)
... District, B

• What information you need to address the issue of staff turnover and how will you collect it (04)
ANS.

WE NEED THE FOLLOWING INFORMATION FROM THE CONCERN UC, AREA OR DISTRICT.

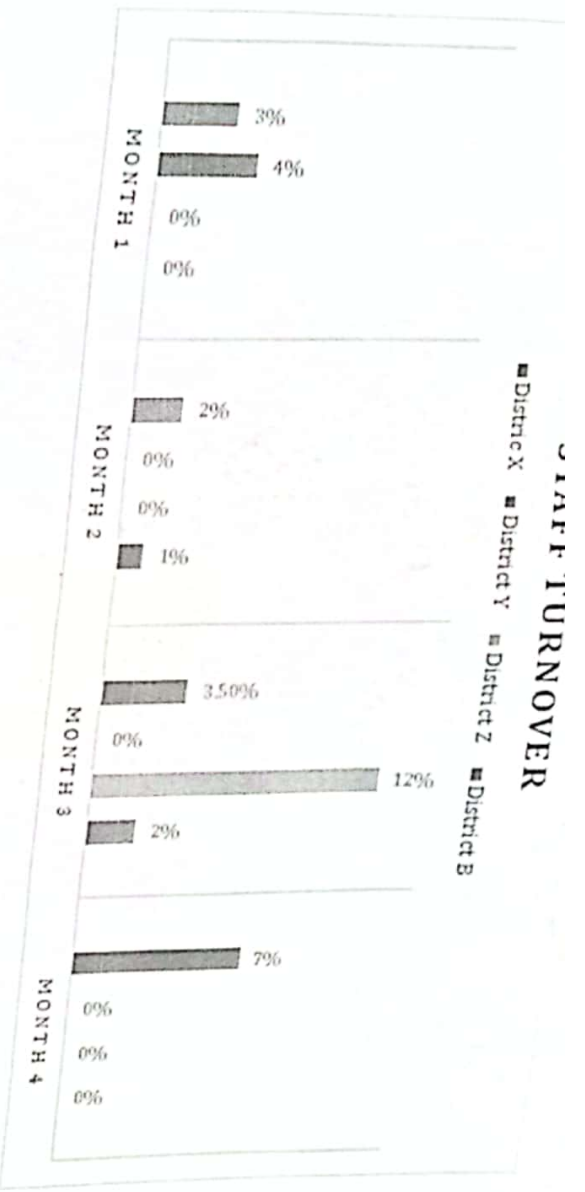

- **1. ARE these areas are inaccessible.**
- **2. are the STAFF IS not properly trained**
- **3. are proper material is not available for the staff**
- **4. Are there any demand from the refusals community**
- **5. are there is no staff for high risk refusals coverage**
- **6. are the community people not support the vaccination**

• Once you have all the information available what can be main possible components of your staff retention strategy (04)

MAIN POSSIBLE COMPONENTS OF STAFF RETENTION STRATEGY

1. We will arrange a meeting in the community and discuss the issues with the concerned staff ✓
2. We will suggest a specific activity to a well and good person ✓
3. To arrange community engagement session and concern meeting with community people ✓
4. To arrange proper training for the staff ✓

 True
 False

5/5

C)- Write correct abbreviations of the following (Marks-05)

- LQAS lot quality assurance sampling
- EPI expanded program on immunization
- SIA supplementary immunization activities
- SAGE ?
- OPV. Trivalent oral polio vaccine

4/5

Q.NO.2:) Write Short Answers of the following Questions- (Marks- 10)

i- What are the various types of fake vaccinations? 3.5

?

ii. What is supportive supervision? 03

ANS=supportive supervision means giving technical support to the concerned area incharge and UPEC chairman. It means that support area incharge, UPEC Chairmans, and teams in pre

... post campaign activities. Eg support AIC and UPEC chairman in microplane
... also includes to notify the issues and support the concerned person for solution.

iii. What is Readiness meetings? 3.5

ANS= Readiness meeting is necessary before campaign starts. In readiness meetings various aspects can be discussed that either UC is ready for campaign or not. It means that we check all necessary things required for smooth running of campaign i.e MP, LOGISTIC, HR everything is proper or according to protocol/SOPs.

Q.No.3)- List the number of things that a polio team should check and do in the morning before receiving OPV vials: (05-Marks)

1) first of all make attendance on form 2A with concerned area incharges.

2) received necessary logistics i.e Markers, Tally sheets, chalk, (during covid mask, hand sanitizer) rout maps, pen, routry carrier, zip lock etc.

3) it is necessary for teams to check the expiry dates of markers, vaccine. The maker checked practically by team i.e work properly or not.

4) checking VVM of vaccine Vail

Section B: Scenario Based Interpretation

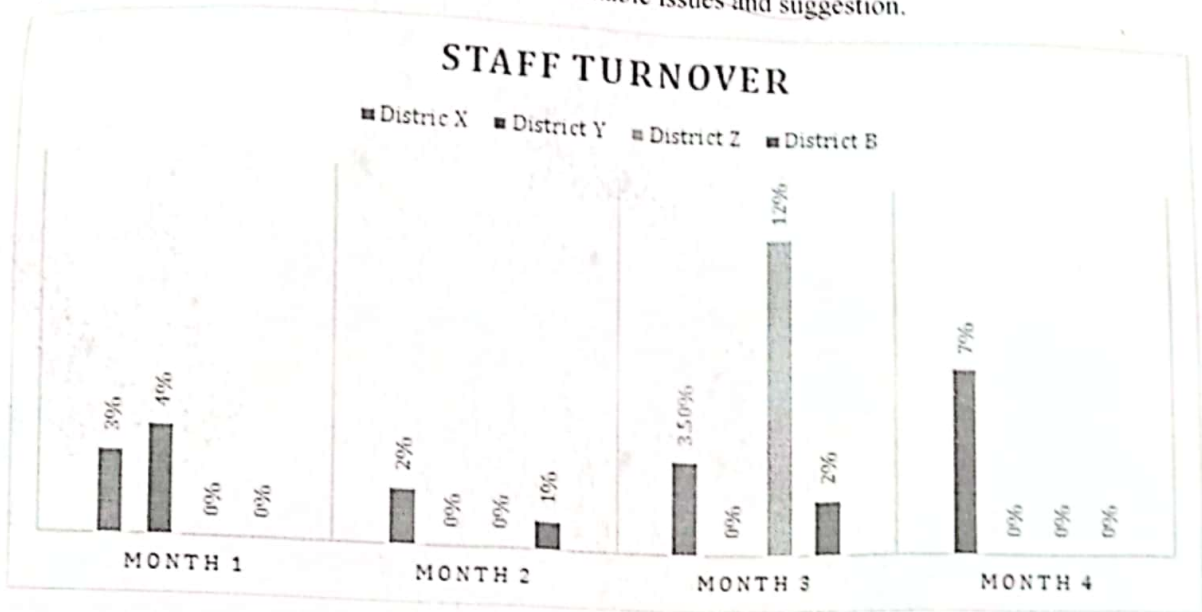

Q. No.4)- Staff turnover is a major issue for the polio vaccination program. Permanent vaccinators are leaving the program for various reasons based on the chart below kindly explain: (10 Marks)

- Which district will be your prime concern and why? (02)
- What information you need to address the issue of staff turnover and how will you collect it (04)
- Once you have all the information available what can be main possible components of your staff retention strategy (04)

ANS=(1) District X having lot numbers of employees who left the jobs. In district X every month employs left the jobs, so it is my prior distt.

(2) There may be lot of refusal in these areas, or may be security wise dangerous area so we need to visit the concerned area and take necessary information from the community members. So if the issues belong to community then we will arrange community session to clarify and solved their issues.

could be many reason if the reason concerned with community then we will have to arrange community session in concerned areas. If the issues belong administration then we required to address administration and gave valid information, reasonable issues and suggestion.

Section C: Computer Assessment (10 Marks)

Q.NO.5): The table highlights the reason for Missed Children in different UCs. Copy the table in excel with borders and formatting and calculate total percentage of missed children for all districts/UC. (10 Marks)
