Dear Mr. Sardar,

This is with reference to your insurance claim against a road accident. You have already communicated telephonically as well as in-person to provide required medical documents for further proceeding with the insurance company, however, it has been more than two months, we did not receive a single medical document so far.

It is 'therefore' requested to communicate, whether you are opting for insurance claim proceeding, then medical documents must be dispatched in next two days.

Should you have required any clarification, feel free to contact us, please.
