This is to certify that Mr. Faheem Aul-av Mahav went through life-threatening Road Traffic Accident. He Sustained major injuries and damage to his teeth.

Upon checking up in December 2022, I advised him for two major dental surgeries to fix his teeth on dated: 13-12-2022 and 26-01-2023. The Surgeries were crucial to his health as due to irreversible damage to his teeth and gums, he was finding it difficult to eat.

During First Surgery on dated 13-12-2022 damaged teeth were removed followed by another surgery to replace them with new ones on dated 26-1-2023.
