Dear CTC colleague, i m agreed with UCPO response on the matter of signals .Ofcourse he had send headcount to me but i received his headcount in late hours at time when i had already shared their headcount with AC WHO. That is the reason, i marked him absent.

Dear Boss,

As you people clearly know that the upper Spidar Ali Khel is the more tough area than other so, most of the time and deep areas from where messages did not sent on the time .

But I have performed my duty honestly,

On the other hand the signal issue is very serious I get confused to maximum level to send simple message.

On the date 1, to 9 I was on the duty and I have proof of messages that I have sent them to PDA and Two PEOs and DSO too.

Request,

Nadeem Jan , you have already visited to nearby our UC on that day I told you that we hardly send messages and receive and by chance call is connected.
