Subject: Proposed UCPOs Shuffling Plan in Jamsheed Town

Dear Imran,

Hope this email finds you in good health.

UC-11 Garden East is high risk UC with P1 population 4272 out of total 9969. There is no access of UCPO Ali Azlan in 50% population as they do not give access to male staff which severely hinders effective monitoring. We have to rely on data of UCCSO/AS. UCPO Mariam of UC-05 Mehmoodabad is local resident of UC-11 Garden East and belongs to P1 Pashtoon population. She can better monitor the UC and gain community support.

UC-12 Solider bazar is 70% posh with 2 big hospitals/Active Sites (Fatimiyah and Zainab Punjawani). These are also fixed sites of SIAs in evening. There are only 2 female UCCSOs in UC. both UCMOs are also female. The only female staff hinders communication with local influential and security staff to call police mobile along with monitoring issues.

UCPO Ali Azlan has worked in UC-12 Solider Bazar for 1 year and developed liaison with hospital staff and local influential over there but his contract belongs to UC-11 Garden East so he was shifted there.

In consideration to the issues discussed above we had meeting at DPCR (including UCPOs) and reached to consensus to shuffle UCPOs as per below plan.

UCPO Name	Current UC	Proposed UC
Mariam	Mehmoodabad UC-05	Garden East UC-11
Ali Azlan	Garden East UC-11	Solider Bazar UC-12

Looking forward to hearing from you.
