This is with reference letter to explanation served to me for weak monitoring, I received for poor monitoring in my assigned UC Waryaso. I would like clarify that report regarding 2A & 2B form it is right that 2A & 2B forms were blank but it is responsibilities of AICs and UCMO to fill that 2A & 2B form and this is also right that I have not checked 2A & 2B forms though it is my responsibility to verify data, but I was busy in teams monitoring, due to ongoing tribal clashes I spend much time with teams so that team complete their work with safety and as local and influencer of Uc it's my responsibility that team complete their work with safety. It's my fault

that I trusted on AICs & UCMO for compilation of data on 2A & 2B forms from onwards I will strictly monitor all AICs and UCMO so that in future such type of observation will not come again from my Uc.

I apologize for weak monitoring and assuring through this response letter that in future I will try my best to avoid such type of things.
