Dear Saleem,

We will pray for your healthy life.

You have worked for the month of June 2019 for which hope you have received your salary while there is no other benefits. We will pay you for the month of July 2019 for your working days but you must have to serve the prior notice period.

I will appreciate if you can provide us your medical consultant reports so maybe we can compensate your working days on that ground.

Regards,  
Imran
