Subject: *Response to show cause notice about dual job.*

Respected Sir.

I really endorse that I had been selected on the position of Primary School teacher which I had accepted and reported my joining to education department with no salary been drawn till now. Let me bring in your kind notice that, I belong to a poverty-stricken family and I am the only bread earner of all my 8 family members.

Being in old age my parents emphasized on me for retaining the government job clashing with my own priority for working and continuing as Union Council Polio Officer. Due to this dual state of mind, confusion and hectic polio eradication activities, I could not take decision on time. Having shown compliance with parents' desire, I joined as token employee in education but never performed duty as primary school teacher. It means that I have shown dereliction with the Government duty but never compromised on the national cause of polio eradication by maintaining tempo and momentum in discharging my duties as UCPO.

Moreover, I am the most senior UCPO working from last 7 year's, due to my technicality, initiative and result oriented performance, I have received Two time as best UCPO awards and certificate from my organization(WHO), Health department and from Deputy commissioner at District level and nominated as Master trainer by District and EOC for the training of district UC Teams.

During this time, I have attended all the polio Eradication activities with daily reporting to my supervisors (PEO) and Area coordinator which can be confirmed if needed and my UC is frequently visited by supervisor's(PEO,AC), district and upper management but i never found absent from duty or done any negligence which can effect polio eradication activities.

Once again, I assure you and pledge that I never thought of breaching of employment contract and have performed duty to the best of my potential and abilities. I would like to retain my job as UCPO and resign to the so-called teacher post with education department. I will show you the proof of my resignation from the token job with education department for your entire satisfaction and proof to my commitment and devotion for the polio eradication program.

I am sorry for any inconvenience with all of you.

Appreciation certificates attached.

Thanks, and regards

Yours

Hamid Khan
