Dear Sir AOA,

Reference to the Show cause letter received from the HR department of CTC the following response is forwarded for your Kind information.

Evidence of data

1. Due to the same reason of team clubbing issue daily data of UC Qamber A shared not on time.
2. Due to late hrs duty clubbed team we were have less time to review the data efficiently.  
(Screen shot attached)
3. It was moPV2 CR campaign due to which much time consumed on vaccine retrieval as a result there is no issue of vaccine in Tirah Maidan.
4. The issue of refusal thalassemia child was reported on day 1 in UC level evening meeting minutes & also share with seniors . If want to share the fake data that's why i reported the same issue in UC level meeting. This issue has been done only due to miss understanding with subordinates.  
(Minutes attached)
5. There is no evidence in my past 11 years careers with polio programme that I have ever been reported fake data.

Kindly take my response positive & i will never repeat the same action of miss understanding in future.

Best Regards  
Khan Akbar UCPO  
UC Qamber khel A
