Subject: Re: Explanation letter on account of Weak monitoring and supervision skills

Dear sir

I hope my mail will find you in all the best of your time. In the response of my explanation letter I would like to say that the number of missing Vials you have mentioned is the total number of Vials missing from District Khyber. The number of Missing vials reported from my concern UC are 23 vials with unreadable label while 2 physically lost vials. The reasons of the missing vials are the extra hot weather, unavailability of ILR key and my blind trust on my UC staff. I performed my other pre, intra and post campaign activities very well.

Respected sir, it was a lesson learned for me which I will never repeat again. I will try my best to overcome on my deficiencies and will never provide a chance of complaint to my seniors next time.

Thanks and Regards:
Mansoor Khan,
UCPO Ghundi A
