Subject : Reply to explanation on account of lobbying and grouping

Respected mam,

Its to bring in kind notice that I am working in polio program since May 2017. In one of most high risk and security compromised area (**Kamangara**) Area of UC Nawagai . the area situated in pak afghan border very Healy and security compromised too. In which no one, health and nor volunteer ready to do work in the said area due to life compromised area. And I have fulfilled my responsibilities as UCPO up to the mark. And by the grace of Allah implanted the all task assigned by program team up to the mark. and maintain all programmatic indicator satisfactory . During my tenure have not received even a single warning on the account of poor performance, negligence and nor misconduct .

I would like to explain my position regarding the lobbying and grouping against my first level supervisor for the process of ongoing transformation. mam my intention in the voice message is not to the target someone its only for that the program team requested the HR for district is very low. Because of our district Bajour is most populated district throughout the EX Fata . and I have already apologies from the worthy PEO Mr Walid Hassan sb and he accepted my apologies on 21st September .

And the matter of collecting fund for case. I want to explain the matter. mam we a few UCPOs suggested that we requesting to the high government authorities .that we have spent a lot of time in national cause (polio eradication) and now most of colleague become overage there for we requesting to the government authorities to adjust anywhere in government department and reward the services we have spent in the Nobel cause in the

country. We have no rights to do any type of case against the CTC,WHO and already we bound in the contract which we signed .

There for I am requested to accept my response to the explanation serve. And still remain my services to the poor community on humanitirine bases.

Regards

Pir Muhammad

UCPO Nawagai 5 district Bajour
