

Dear Sir,

Subject: Explaining my position regarding show cause letter issued to me.

This is in reply to the notice I received for non-locality in UC-Nalwad. At the time of interview I clearly declared that I am basically from Khyber and currently living in UC Nqashogager Peshawar.

Due to worst law & order situations and military operations my family shifted from Khyber (UC Aka, Khel Nqera, Arhando Kale) like other IDPs. At the time of interview I declared that I will relocate to my house in UC Aka Khel Nqera, Arhando Kale (Iachyano Jumat) if I am selected for the post of UCPO, but as my house is partially damaged and due to my weak financial position, I was unable to repair my damaged rooms in short time and relocate after joining UCPO position. Moreover my children were ~~admitted~~ enrolled in school UC Nqashogager, Peshawar and I had to wait for commencement of classes after summer vacations, so that I could admit my children in school near my house in Arhando Kale (Iachyano Jumat) so that their studies do not effect.

I will shift to my house after on going SNID August anti polio campaign, #.

Kindly accept my explanation.

I hope for the positive response from you.

Sincerely

Muhammad Hussain
